APTARUS™ | APT-105: Vulnerable Road Users

APT-105: VULNERABLE ROAD USERS

On the road certain people are vulnerable to traffic related accidents. This course will show how to avoid these incidents and practice safe driving when you encounter vulnerable road users.

Topics covered include Pedestrians, Cyclists, Motorcyclists, and Horse Riders. A course outline is contained below.

> **Module 01: Pedestrians**
> This module covers safe driving practices when you encounter pedestrians.

> **Module 02: Cyclists**
> This module covers safe driving practices when you encounter cyclists.

> **Module 03: Motorcyclists**
> This module covers safe driving practices when you encounter motorcyclists.

> **Module 04: Horse Riders**
> This module covers safe driving practices when you encounter horse riders.

Statistics

Road Fatalities

21%

Pedestrian Fatalities
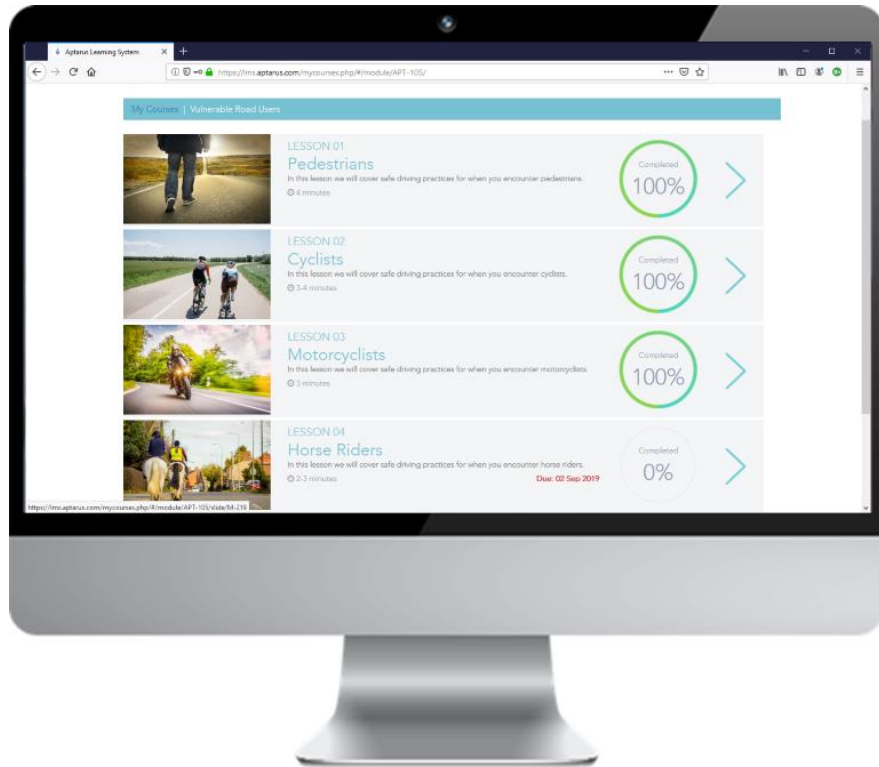

That's over 5000 people

Rural Areas

In rural areas that don't have footpaths, pedestrians should be walking on the right hand side of the road so they can see you approach.

As a driver you should **slow down** in good time when you see a pedestrian, **indicate**, and if it is safe to do so, pass them allowing **1 metre** or more of space.

Lesson Summary

Cyclists can be difficult to see, especially at junctions. ✓

Cyclists are easily affected by side wind when being overtaken. ✓

Cyclists ride away from the edge of the road to avoid obstacles. ✓

At speeds below 50 km/hr you need to give 1 metre of clearance to cyclists. ✓

PLATFORM FEATURES

User-friendly Lessons

The course content has been designed to be easy-to-follow, yet contains the key knowledge needed to keep your team safe.

Mobile-Friendly

Train anywhere, anytime, with a system designed to support phones, tablets, or PCs.

Training Records

Training records are available online 24/7 for every driver - perfect for demonstrating a safety culture to your insurance company.
Resource Centre

Checklists, procedures, and best practices available for your team in the Resource Centre.

COURSE BENEFITS

- Improved Safety Practices

- Improved Driver Awareness

- Reduced Training Time

- Reduced Training Costs

- Reduction in Safety Incidents

- Lower Insurance Costs

Online training has been proven to improve driver performance, resulting in improved safety and fewer incidents.

Our online courses are available anytime, anywhere, on any device. Start improving your team today.

Regular training is the proven way to make a sustained improvement to your driver's skills.
Online training with Aptarus is the best way to reach all your drivers with effective training – for the smallest investment in time and money.
Try it for yourself by visiting our web site and signing up today or call us to arrange a free trial.
