APT-108: FOOD SAFETY FOR DRIVERS

This online course will provide an essential introduction to food safety for companies engaged in transportation of human and animal foods. It is intended to comply with current EU food safety regulations, including 178/2002 and 852/20004. The content is also suitable for compliance with the BRC Global Standard for Storage and Distribution. A course outline is contained below.

> Food Safety Background

> Food Safety Basics

> Transport Refrigeration Basics

> Refrigeration Unit Basics

> Transport Equipment Specification

> Good Loading Practices

> Good Hygiene Practices

> Monitoring and Traceability

Host unit   Host evaporator
Remote evaporators
The additional evaporators in each zone are known as remote evaporators.

Upper and Lower Limits

For any given load, the shipper should specify the maximum upper temperature allowable (known as the upper control limit) and the minimum lowest temperature allowable (known as the lower control limit).

°F

The box temperature should not deviate outside these upper and lower limits for the duration of the trip.

Hand Washing Tips

When washing your hands, you should follow these tips:
- ✓ Use hot water – at least 100°F.
- ✓ Use a liquid soap – preferably antibacterial.
- ✓ Wash hands for a minimum duration of 20 seconds.
- ✓ Scrub hands well, as friction can help to remove microorganisms.
- ✓ Clean between fingers and under nails.
- ✓ Rinse hands thoroughly.
- ✓ Hands should be dried with paper towels or warm air dryers.

PLATFORM FEATURES

User-friendly Lessons

The course content has been designed to be easy-to-follow, yet contains the key knowledge needed for food safety during transportation.

Certification

Certify your drivers to meet EU Food Safety training requirements.

Training Records

Training records are available online 24/7 for every driver - perfect for demonstrating compliance to your customers.
Resource Center

Checklists, procedures, and best practices available for your team in the Resource Centre.

COURSE BENEFITS

- ✓ EU and BRC Compliance

- ✓ Improved Loading Practices

- ✓ Improved Customer Satisfaction

- ✓ Improved Sanitation Practices

- ✓ Reduced Training Time

- ✓ Improved Food Safety Awareness

- ✓ Improved Hygiene Practices

- ✓ Improved Regulatory Compliance

Online training has been proven to improve driver performance, resulting in reduced fuel costs and improved safety.

Our online courses are available anytime, anywhere, on any device. Start improving your team today.

Regular training is the proven way to make a sustained improvement to your driver's skills.
Online training with Aptarus is the best way to reach all your drivers with effective training – for the smallest investment in time and money.
Try it for yourself by visiting our web site and signing up today.
