Host unit   Host evaporator

Remote evaporators

The additional evaporators in each zone are known as remote evaporators.

Upper and Lower Limits

For any given load, the shipper should specify the maximum upper temperature allowable (known as the upper control limit) and the minimum lowest temperature allowable (known as the lower control limit).

°F

The box temperature should not deviate outside these upper and lower limits for the duration of the trip.

Hand Washing Tips

When washing your hands, you should follow these tips:

✓ Use hot water – at least 100°F.

✓ Use a liquid soap – preferably antibacterial.

✓ Wash hands for a minimum duration of 20 seconds.

✓ Scrub hands well, as friction can help to remove microorganisms.

✓ Clean between fingers and under nails.

✓ Rinse hands thoroughly.

✓ Hands should be dried with paper towels or warm air dryers.
